10) The question of abolition of the allowances now granted to the officers of certain departments in K.R. Sagera is under consideration. There do not appear to be sufficient grounds for the continuance of the special allowances in the K.R.S. area as it cannot now be considered to be particularly expensive or unhealthy, whatever it might have been in the past. The granting of a fresh allowance at the place to an officer not now getting it is therefore financially unacceptable.
